LOSE YOURSELF IN YOUR PRIVATE HEAVEN

OUR SUITES

Our 186 spacious suites are spread out over a sprawling park to lend the resort all the charm of an Ibiza village. The open-plan architecture of the one and two-bedroom suites ensures plenty of natural light and moments of pure bliss.

The resort is separated into three distinct areas: The Laguna, Ibicenco Village and the Cliff. Located in a quiet part of the resort is The Laguna, a collection of 42 suites each with terraces or balconies, and a central, family friendly swimming pool with its own chirin-guito-style bar. Outward-facing suites have their own swim-up pool too.

Ibicenco Village

The Laguna

Spread around the resort's fragrant gardens, the Ibicenco Village features 140 one and two-bedroom suites distributed in 37 traditional white-washed houses. Each house consists of 3 or 4 suites varying in size and attributes - every suite offers a furnished terrace or balcony with views to either the resort, the gardens or the sea. The largest suites feature an own pool, ideal to enjoy the Ibiza sun.

In prime position for the sunset are four two-bedroom Cliff Suites with private gardens and unobstructed views of the sea, perfect for groups of friends and families looking for space to reconnect.
