A WINTER FAIRY-TALE

Located in the heart of the Jardin Alpin, the most elegant district of Courchevel 1850, the hotel Airelles Courchevel, Les Airelles offers a timeless experience.

Luxury resort designed for the greatest of this world, Les Airelles cultivates an exceptional hotel know-how. Nothing is too big or too beautiful, every single wish comes true.

Nestled on the slopes, the ski experience is sublimated by the attention and care provided by a dedicated team.

The Austro-Hungarian castle spirit meets the chalet style and promises mountain lovers an unbeatable alpine experience. The beauty of the pastel-hued frescoes, the diversity of tinted glass windows and the refinement of the materials give to the property an inimitable style that the elite craves for.

The world-class clientele animates the Maison and turns it into the most exclusive venue in the resort.

Airelles Courchevel, Les Airelles is the icon of the French alpin luxury experience.

A CULINARY JOURNEY

Piero I Pierre Gagnaire

Pierre Gagnaire takes you on a getaway to Italy.

The elegance of the restaurant and the refinement of the dishes never cease to amaze. The cuisine is artisanal and deeply rooted in the tradition of the sacred Italy.

La Table des Airelles

Nestled in sumptuous velvet armchairs under crystal chandeliers, we love to see and to be seen.

La Table is the heart of Les Airelles.

For lunch, Le Festin is served al fresco, in the evening an elegant A la carte menu is offered to the guests.

Le Coin Savoyard

This is like a journey back in time. With its checkered tablecloths and wood paneling, the guests live a true terroir experience. Raclette, black truffle fondue, Savoyard charcuterie and G n pi are guaranteeing an authentic alpine evening.

Le Bar

For a lavish Tea-time or a taste of one of the most exclusive Cognac, in the comfortable sofas of the salon or in the privacy of the cigar lounge, Le Bar is a must do in Courchevel.

A JEWEL OF SERENITY

Spa La Mer

The azure blue of the pool is in perfect harmony with the surrounding snowy hillside.

Le Spa La Mer offers a unique experience. A well-being path oscillating between the cold of the winter and the heat of a cocoon.

After an intense day skiing, guests can enjoy the snow cellar or the cryotherapy cabin to ensure optimal muscle recovery.

For those seeking for an absolute relaxation, the spa therapists provide luxurious treatments with La Mer products. Then they will be invited to the recently redesigned relaxation lounge for a tea and a power nap.

As for the bravest, they will make their way outdoor and slip into the hot tub heated to 40 ° C. An experience always eagerly awaited by the most avid mountain lovers.

The Spa is an essential, a place soaking into serenity.

AN UNIQUE EMPIRE

The expression «l'enfant roi» makes totally sense at Les Airelles.

Nothing is too good or too precious for the little ones.

A salon is even dedicated to them. Arcades, teddy bears and other games are available all day. In the mood for the latest animated movie Just join our theatre room!

For the sunniest days, children will be spoiled for choice.

The adventurers will climb their way up into the heated treehouse while the athletics will enjoy the outdoor ice rink.

The iconic carrousel always amazes young and old!

More than a kingdom for children, Les Airelles changes his young princes and princesses into emperors.

THE HEART OF THE VILLAGE

Its friendly and professional team has made its reputation and the ski butlers a French luxury tradition. The recently renovated ski-room is the starting point: the guests get fully equipped before hurtling down the slopes. As nothing is never too chic in Courchevel, the boutique offers high fashion and last technology gears.

After a day hitting the slopes, the guests are coming back home and can enjoy some tea and finger food before getting back to their residence.

At night, Courchevel lights up. The hotel's bellmen drive the residents to the finest restaurants in the village aboard luxury SUVs or Les Airelles horse-drawn carriage by Hermès.

To top it off, Les Airelles is an exclusive partner of the most fabulous venues in town. During the day, when a stop on the slopes is required, Le Chalet de Pierres welcomes its guests for a lunch on the terrace. For a more festive afternoon La Folie Douce Méribel offers a show and a clubbing experience from lunch to dusk.

And for the epicureans looking for some Asian flavours, head to the Nama, Japanese restaurant at Aman Le Mélézin.
