## AN ODE TO PROVENCE

In the very heart of Gordes, one of the most beautiful villages in France, perched on the rocky slopes, La Bastide with its sumptuous decors, offers an exceptional view over the Luberon valley and the Alpilles.

This ancestral residence reflects the 18<sup>th</sup> century in all its glory. Over 2 000 art work pieces unearthed from the most prestigious antique dealers all enhance this structure carved into the rock itself.

All the 34 rooms and 6 suites invite to a time travel.

Christophe Tollemer's interpretation of the ancient Provencal style is definitely an ode to Provence: the warmth of a beautiful region combined with an amazing attention to details.

Airelles Gordes, La Bastide is a destination in itself.

## AN EMPIRE OF SENSES

### **L'Orangerie**

Flooded with natural daylight, the restaurant comes with breathtaking view over the valley. The cuisine is highly inspired by the local terroir and does not disappoint: flavours and aromas take you away.

### **La Citadelle**

When the sun sets on the village, there is no place like La Citadelle: the ultimate spot for a candlelight dinner! Imagine yourself floating in the air, carried away by the finest cuisine and charmed by the infinite view of the Luberon region.

### **Clover Gordes**

Subtle blend of two identities as it combines the beloved techniques of the Chef Jean-François Piège at Clover Grill with the plant based cooking favoured at Clover Green.

### **Le TIGrr**

An exotic touch in a provencal environment, this new restaurant combines asian flavours with some revisited mediterranean specialties. In the evening, a DJ gives the rhythm to the atmosphere on the terrace, with an exceptional view over the Luberon valley.

### **Le Bar**

Enchanting cocktail in one hand, tasty appetizer in the other, let yourself be swept away by the lounge music and the colourful sunset of Provence.

## AN ESSENTIAL RETREAT

### Spa Sisley

Carved into the rock, Le Spa Sisley at La Bastide is an invitation to focus on your inner wellbeing. Keeping you away from the heat, you will be able to savour an organic form of happiness.

From a massage in the shade of the olive trees to a plunge in the indoor pool, your body and your mind will reach a balance, you have been seeking for months.

Step outside and soak up the sun by the outdoor swimming pool and you'll wish your day never ends.

### Children Kingdom

Just like adults, they need their own time away from everything.

A recently renovated kid's club opened on a terrace will be their new heaven.

And because they deserve it all, a kids only pool is available for their own enjoyment.
