GLOBAL CARE & CLEANLINESS COMMITMENT

OUR COMMITMENT

I hope this finds you and your loved ones safe and in good health.

At Hyatt, our purpose – to care for people so they can be their best – is at the center of everything we do, including our path forward as we look toward a COVID-19 recovery. We want to help you once again experience the joy of getting together – with a focus on safety first, wellbeing always for your meetings and events.

Hyatt is taking comprehensive steps to implement new guidance, procedures and practices and reimagine the hotel experience for our customers, guests and colleagues. I am pleased to share some additional actions Hyatt is taking to care for you during this time.

Mark Hoplamazian
President and Chief
Executive Officer
Hyatt Hotels Corporation

To us, the most important element of opening the doors of Hyatt hotels is doing it with your safety in mind. We have introduced a multi-layered Global Care & Cleanliness Commitment that builds on Hyatt's existing rigorous protocols and includes:

- Trusted medical and industry advisors to help Hyatt think beyond cleanliness—and advance care across the entire hotel experience
- Cleaning, disinfection and infectious disease prevention accreditation by the Global Biorisk Advisory Council (GBAC) for all Hyatt hotels globally
- Dedicated Hygiene & Wellbeing Leaders at each hotel to enforce new sanitization protocols and colleague resources

Additional measures are being taken in an effort to ensure your safety, such as touch-free options, more frequent sanitization with hospital-grade disinfectants, and exploring and testing the use of electrostatic sprayers.
