A mansion like no other

In the very heart of St-Tropez discover the best kept address of the riviera.

Pan Deï Palais is a stylish mansion located on rue Gambetta,

steps away from Place des Lices. The private garden offers the charm

and the privacy of a maison de maitre while the bustle

of the flamboyant St-Tropez takes place a stone throw away.

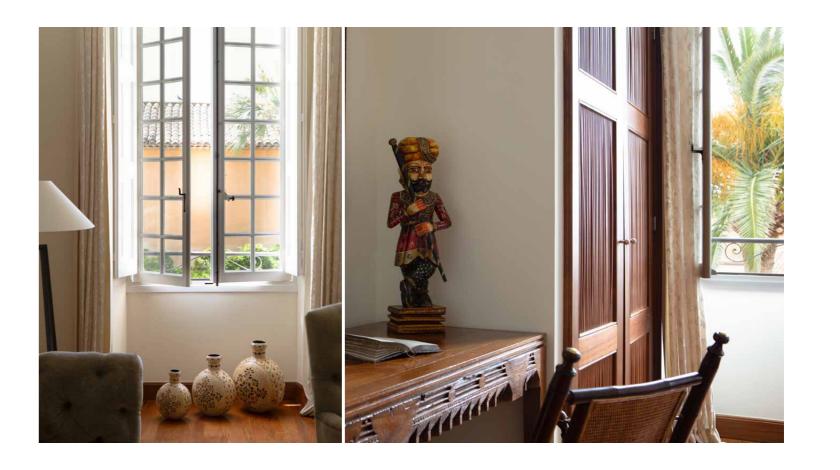

An opulent lifestyle

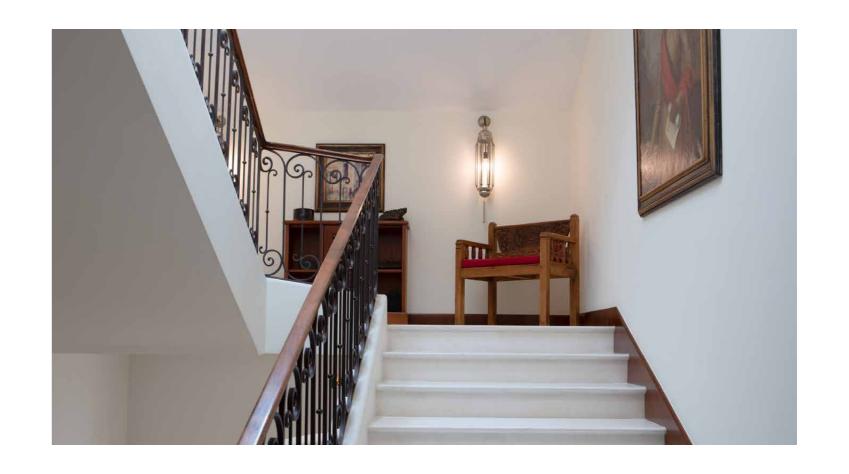

With 10 guest rooms and 2 master suites, the mansion boasts a contemporary style with Indian influences. Spread on 2 floors the bedrooms guarantee independence and privacy with their own en-suite bathroom. The building is very family friendly and offers multiple configurations to welcome them. Overlooking the village or the grand garden and the pool, the accommodations are polished and flooded with natural day-light.

A refined service

A dedicated team of 20 staff is looking after the property and its guests. With an extensive service 24/7, the attention to details is taken to another level. From concierge service to the care of a private chef, the residents are in safe and soft hands. The guests receive a ultra-bespoke service through their stay.

An utter privacy

Only a few properties offer a private garden in the very heart of St-Tropez. Pan Deï Palais is not only coming with a beautiful piece of land but also with a heated private pool convertible into a fantastic terrace to entertain outside. Away from the hustle and bustle of the city, the guests can gather in this lavish garden and enjoy the privacy. To complete the experience, a steam room as well as a treatment room are available.

A comprehensive offer

Unlike traditional villa rental, the guests can also enjoy exclusive access to sister properties in Saint-Tropez 24/7. Complimentary lunch and dinner are available at Zetta, pizzetta restaurant near-by. Sunbeds and meals are provided at the beach club Jardin Tropézina and all the facilities at Château de la Messardière, including Valmont Spa, fitness center and kids club are accessible free of charge for the guests of the villa. A chauffeured car service is also available 24/7.

For a change of a scenery, hop on a 40-minute helicopter ride and spend the day at Château d'Estoublon, a lavish wine and olive oil estate in Provence.
