“Girona makes you fall in love” is what people say after visiting this iconic and emblematic city that has more than 2.000 years of history.

This tour will make you discover why Girona's Old Town stands out for so many reasons such as: The colorful houses hanging over the Onyar river which is definitely the most photographed spot!, the history beyond it's churches and Monastery, the Arab Baths from the XIII, the widest Gothic Cathedral in the world and the second of all styles after Saint Peter in Rome, one of the most well preserved Jewish quarters in Europe, or its emblematic medieval walls...

Did you know that Girona is also well known for its local gastronomy? "Celler de Can Roca" is the 2nd best restaurant in the world today... That the crew of Game of Thrones shoot some scenes of the 6th season and it is considered to be Paradise for pro and amateur cyclists?
