

WONDERS OF ICELAND

All year

THE FAVORITE

Iceland is the ideal location to go out and play, the super jeeps are ideal to go off the beaten track and see the island like the locals. Þórsmörk or the Valley of Thor the thunder-god is a favorite location by the locals.

BE THE EXPLORER

A three day stay in the land of ice and fire packed with activities and then a relaxation.

The mix of the super jeeps, the private venue with the Icelandic langoustine and the relaxation in the Blue Lagoon is the perfect mix in the land of ice and fire.

This is a taste of what can be done and the program is tailored to each group.
