

FRESH AIR MEETS FRESH IDEAS

WINTER INCENTIVE ITINERARY

Innovation is in the air and our fresh environment has the power to inspire and invigorate. Whistler's spectacular natural surroundings, world-class amenities and authentic culture are a combination that you won't find just anywhere.

DAY 1

LAND IN BEAUTIFUL BRITISH COLUMBIA

With great facilities, amazing art displays and calming water fountains, it's not a surprise Vancouver International Airport (YVR) was named the Best Airport in North America. And with multiple daily arrivals from all over the US, Canada and internationally, it's easy to access, too. Arrive refreshed and get ready for your first glimpse of Vancouver.

EXPERIENCE THE SEA-TO-SKY JOURNEY

Getting to Whistler is so much more than a road trip; it's a two-hour, jaw-dropping scenic experience described by *National Geographic* as the "Drive of a Lifetime." Your group will travel through snowcapped mountains and past stunning ocean fjords, waterfalls and forests.

MAKE YOURSELF AT HOME

Take your time exploring the pedestrian-friendly Whistler Village: a kaleidoscope of art, culture, boutique stores and fresh food. Whistler Olympic Plaza, located in the centre of our alpine village, boasts state-of-the-art technology and marvellous views of the surrounding mountains, offering a unique venue for groups and gatherings.

DINE YOUR WAY AROUND WHISTLER

Why choose just one eatery, when you can dine at up to four gourmet restaurants, all in one unforgettable evening? Whistler Tasting Tours lead extraordinary dining tours through Whistler Village for delicious multi-course dinners, paired with fabulous British Columbia wines. Your taste buds will thank you.

DAY 2

CREATE YOUR OWN OLYMPIC LEGACY

The 2010 Olympic and Paralympic Winter Games have come and gone, but the spirit and energy lives on in Whistler. Why not try your hand at Biathlon at Whistler Olympic Park? A unique team building activity for groups. Alternatively, go bobsledding at the Whistler Sliding Centre for the thrill of a lifetime, where you'll accelerate down the track at 125km/hr—just like the athletes did.

SKI TWO MOUNTAINS IN ONE DAY

Whistler and Blackcomb Mountains offer over 200 marked runs, 16 alpine bowls, three unbelievable glaciers and a massive 8,171 acres of terrain perfect for all skiing and riding abilities. The mountains are connected by the breathtaking PEAK 2 PEAK Gondola, the longest and highest unsupported lift system on the planet. Discover for yourself why Whistler was recently named the #1 Ski Resort in North America.

ENJOY WHISTLER'S LEGENDARY APRÈS

An evening après adds the finishing touch to an amazing day, and Whistler has no shortage of lively bars, patios and cozy restaurants to celebrate at. Swap stories, and network with colleagues while enjoying live music, creative cocktails and great food.

DAY 3

BREAKFAST IN THE BACKCOUNTRY

Snowmobile your way through the remote and stunning Callaghan Valley, surrounded by rugged BC wilderness, thickly forested trails and frozen lakes. Arrive as a group to a full Yukon-style breakfast in a warm, remote and rustic cabin offering endless views.

A TASTE OF CULTURE

The Squamish Lil'wat Cultural Centre shares the traditions of the Squamish and Lil'wat First Nations, with a modern interpretation. It's also a unique venue for corporate galas and other memorable events. Alternatively, discover the Audain Art Museum which houses one of the most unique collections of British Columbian art, right in the heart of Whistler Village.

FIND A WINTER WONDERLAND

Enjoy a picture-perfect evening in a horse-drawn sleigh on Blackcomb Mountain. Keep warm with a hot drink and cozy blankets, as you explore the trails under a starry night sky. After the tour, warm yourself by a fire pit, then enjoy a delicious fondue dinner.

DAY 4

SOAR LIKE AN EAGLE

It's no coincidence that the #1 Mountain Resort and the #1 Zipline in North America are found in the same place. Host a platform canapé party and zipline over the glacial rapids of Fitzsimmons Creek, through majestic old-growth forests, from gourmet station to station. It's a terrific way to pair team building with an appetite for fun.

SOAK UP THE SCENERY

The elegant ScandinaVe Spa is set in a secluded spruce and cedar forest. Rejuvenate in soothing outdoor baths and refreshing waterfalls, then unwind in Finnish saunas, eucalyptus steam baths and sunlit relaxation rooms. The spa is a great group alternative to some of Whistler's high-adrenaline activities.

CELEBRATE IN THE CENTRE

The Whistler Conference Centre is the ideal stage for any celebration. The centrally located space has over 40,000 square feet and is steeped in Whistler tradition as a place to host gala events, concerts, ice performances, film festivals, tradeshow and more.

DAY 5

LEAD THE PACK

Embark on a true Canadian dogsled adventure with your own incredible team of Alaskan Huskies. Relax in a cozy, blanketed sled as your pack of huskies run through pristine wilderness. For a real adventure, take the reins and try being a musher.

LEAVE FRESH TRACKS

Let experienced guides take your group catskiing in untouched powder and beautiful terrain hidden in the Coast Mountains. Afterwards, indulge in Whistler's legendary après-ski. It's an intimate way to get fresh tracks, soak up the scenery and bond with your group.
