

INK HOTEL MELBOURNE SOUTHBANK

At Ink, we dig it when life veers a little left of centre and believe that colouring should always go outside the lines. Designed for the next generation of travellers, we provide an inclusive space where creative minds and curious souls are encouraged to connect, collaborate and explore.

Whether checking in or just checking us out, we're a place where seasoned travellers meet in-the-know locals — and the only rule is to be yourself.
