WHY SPAIN?

If you come, you will experience it all. There are so many reasons: excellent climate, rich culture, award-winning gastronomy, essence, modernity, sea, mountains, sun, joy, colour. All on one peninsula and its islands.

Flying to Spain is surprisingly easy thanks to its **extensive network of international airports**. These include the airports of cities, Barcelona and Madrid, as well as those serving the beautiful coastal areas and islands, the Balearic and Canary Islands.

IN ACTION

We start the event with an immersion in Spain and our culture. We propose to recreate an April fair, the best-known festival in southern Spain.

We prepare 25 jeeps and convertibles, waiting for them at the airport. As soon as they land, the action begins: a scavenger hunt with stops at key locations.

UNUSUAL WELCOMES

PLAN A, B, C, D...

We do not have the arrival information for the attendees' flights. Staff reinforcement and a lot of coordination!

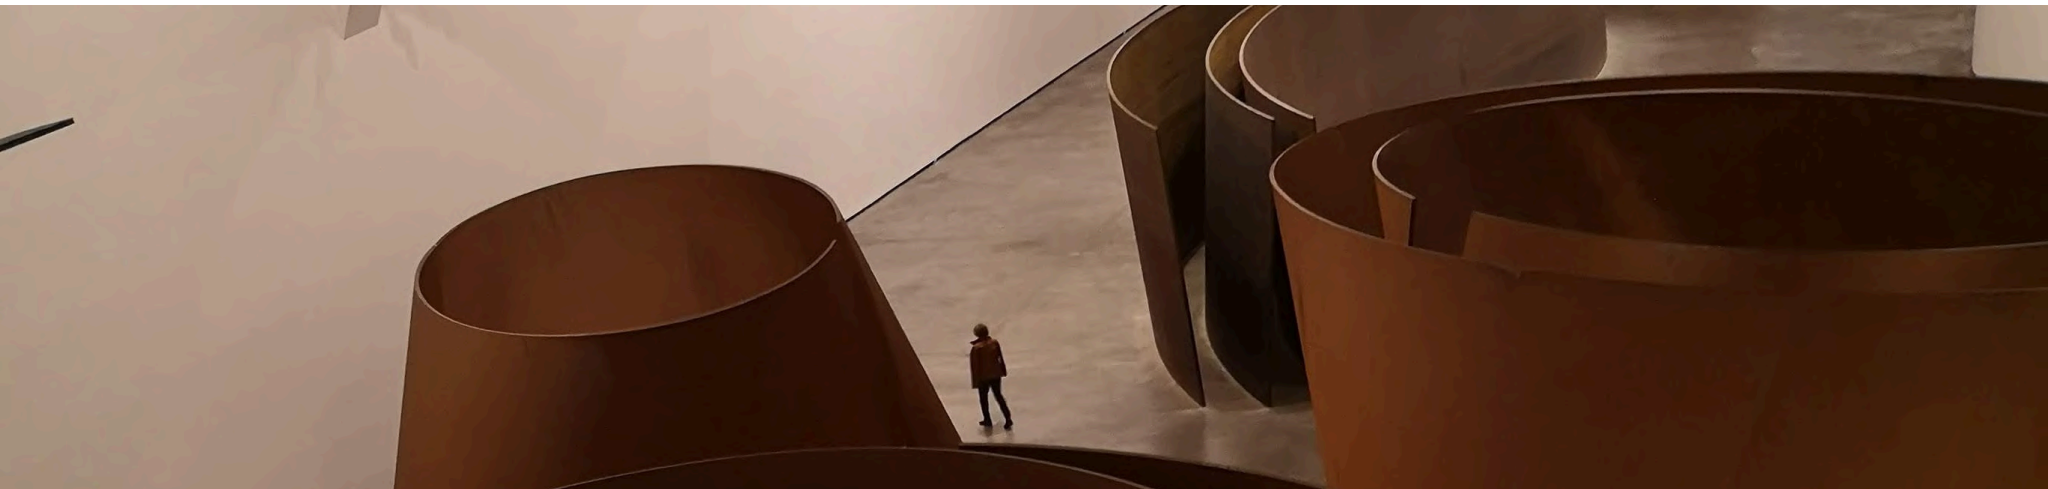

The weather is not in our favor... We have already planned alternatives... The event is a total success!

VIP ACTIVITIES

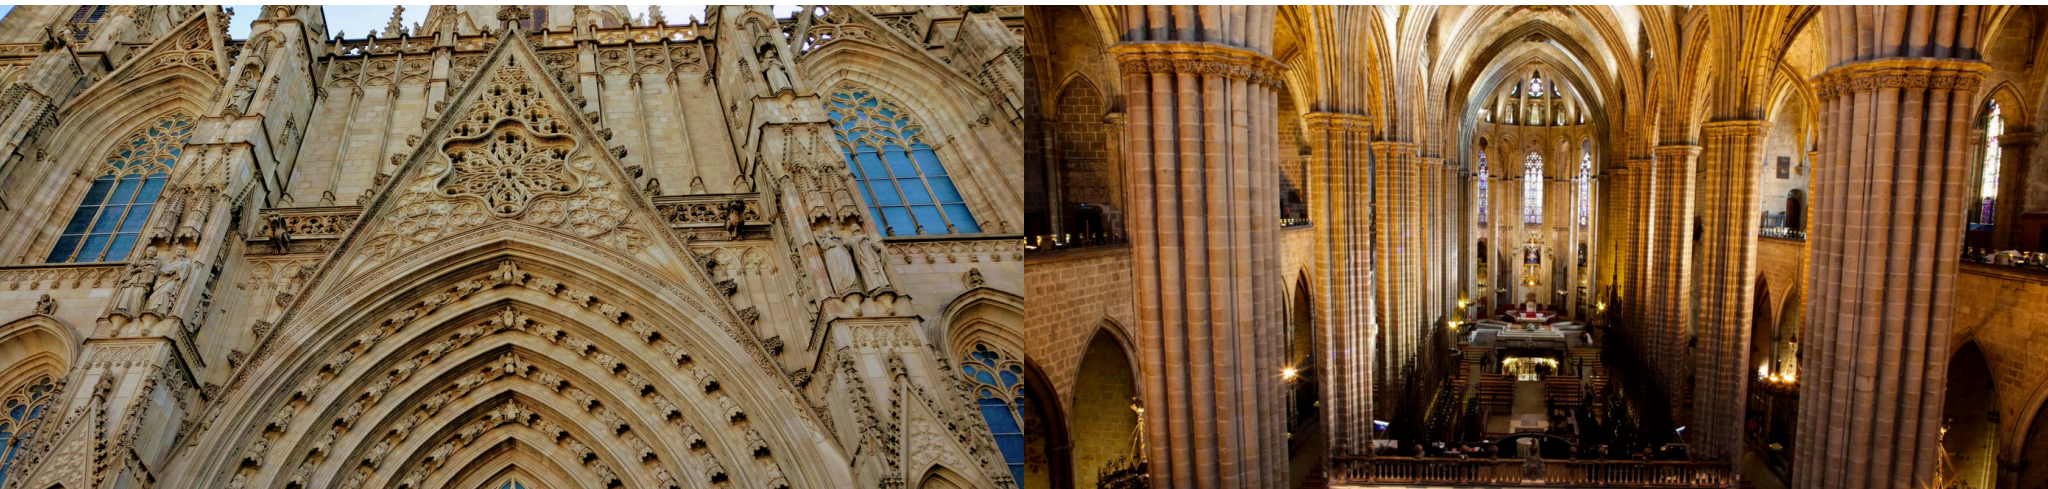

We propose unique activities that they could not do on their own. Such as: exclusive gastronomic tours in the North of Spain, premium visits and much more!

We propose a special event in Barcelona: an amazing hotel, learning how to take photos to capture moments and an exclusive visit.

Having a cathedral for your own is magical, don't you think?

DREAMED DINNERS

Do you imagine a dinner in a World Heritage building?

We place a pianist, delicious food and a personalized open-bar in an astonishing venue. The perfect evening!

A dinner among banana trees in Tenerife, a bucolic venue!

A carnival troupe accompanies the participants to the buses. An event to immerse in culture and tradition and have a great time!

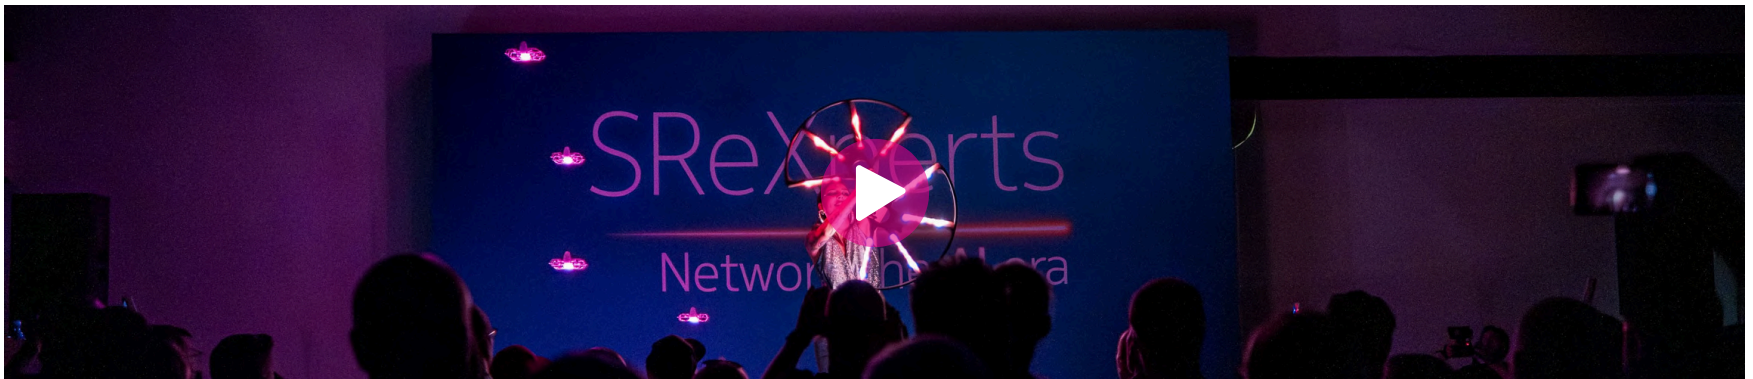

We need a harbour to accommodate 5 ships. Not only do we get it, but we offer walking distance hotels where we can host the event in a personalized way for the client.

THINKING OUT OF THE BOX

We propose a CSR activity that consists of carrying out the following activities: land preparation, planting roses, almond trees and milking goats. Super fun!

Also, a catamaran getaway to contemplate the landscape from another amazing perspective.
